SUMMARY

Final year Computer Science undergraduate specializing in Artificial Intelligence and Machine Learning with foundational knowledge of Linux systems and networking concepts. Interested in Cybersecurity Network Security domains. Familiar with system configuration, file permissions, basic networking protocols and cloud fundamentals. Seeking an internship to apply and strengthen security skills in real-world environments.

TECHNICAL SKILLS

Operating Systems: Linux (File system navigation, Permissions, Process monitoring), Windows

Networking: OSI Model, TCP/IP, DNS, HTTP/HTTPS, TCP vs UDP, Subnetting basics

Cloud Fundamentals: AWS EC2, basic server deployment concepts

Programming: Python (Basic scripting)

Tools: Git, VSCode, Blender

PROFESSIONAL EXPERIENCE

Cybersecurity Fundamentals:

- Understanding of CIA Triad
- Basic knowledge of network ports & services
- Linux log file structure familiarity

AR/VR Intern - Environment Development

July 2025 – September 2025

(Remote)

- Developed virtual environments using blender for AR/VR applications
- Worked on lighting, textures, and scene optimization
- Collaborated with cross-functional team members
- Gained exposure to real-world project workflows

EDUCATION

Panipat Institute of Engineering and Technology | KUK Affiliated
Bachelor of Technology in Computer Science (AI & ML Specialization)

September 2022 – July 2026

(Panipat, Haryana)

- SGPA: 6.0/10

Govt. Sr. Sec. School

April 2021 – March 2022

Higher Secondary Education (Class XII)

(Sindhvi Khera, Jind)

- Percentage: 86%

Gopal Vidya Mandir Sr. Sec. School

April 2020 – March 2021

Secondary Education (Class X)

(Jind, Haryana)

- Percentage: 82%

PROJECTS

Virtual Welding Simulation

- Designed and developed immersive virtual environments using Blender
- Worked on scene layout, lighting, textures and realistic simulation flow

Linux System Monitoring Lab

- Install and configured Linux virtual machine, explored user permissions and file security
- Practical subnetting and IP addressing exercises

CERTIFICATIONS

- Cybersecurity virtual internship - Deloitte, Forage
- AR/VR Internship certificate - ABV Studios Pvt. Ltd.
- National Hackathon Participation COER University
